RACE DAY INFORMATION

DROP POLICY

Runners are encouraged to withdraw from the race only at Aid Stations. This will help Race Management ensure all runners are safely accounted for. All runners **MUST** notify the Aid Station Captain that they are withdrawing, and turn their bib in. If a runner is unable to withdraw at an Aid Station, they **MUST** notify Race Management at the Timing Tent located at the Finish Line, or by calling the Emergency Number on their bib: **813-422-2094**. Please refer to the [Race Regulations](#) for further details on the Drop Policy.

BIB RETURN

In the event that you do not finish (DNF) the race, race management is required to collect your bib at the Aid Station. This is essential for runner accountability and ensures that our command team can confidently confirm the course is clear at the end of the day. We understand that bibs hold sentimental value for many runners. If you'd like your bib returned, we can hand it back after the course is cleared. Please note that this may take several hours after the final course cut-off as bibs are retrieved from remote aid stations. Please email our event inbox within 10 days of the race to request this. Unfortunately, we are unable to ship bibs outside of the United States. Thank you for your understanding with our policy as we prioritize runner safety.

TIMING

The race will be timed by LiveTrail using chips located on the bibs. The chips are automatically recorded at the Start Line, various Aid Stations, timing locations and the Finish Line. Please refer to the "How to Wear Your Bib" section in the Runner's Guide for the proper way to wear your bib so the chip is not damaged and is properly recorded.

PLEASE NOTE: All runners in the race must wear their race bib with the tag intact in order to have their times recorded. No bib = no time! Please make sure the race bib is pinned on your front and is visible throughout the race.

MEDICAL INFORMATION FOR RUNNERS

Emergency medical care will be provided at every aid station and the finish line. Participation in this event is at the runner's own risk. Adequate training is essential. Runners are encouraged to consult with their medical provider prior to the event. Please be sure to notify race staff of any medical condition or allergies. You can place all this information on the back of your race bib as well as on the white medical bracelets you can pick up at the registration tent. Runners' crews must be prepared, anticipate runners' needs, and provide basic care. This includes hydration and nutrition specific to the runner based on experience and tolerance, aside from race provided supplies. Runners may experience nausea and vomiting during the race. This can be for a variety of reasons, most commonly over-hydration, under-hydration, heat stress and altitude exposure. It is advised the runner always "drinks to thirst", avoiding over or under hydration. Be sure to seek medical attention if symptoms continue or worsen.

AID STATIONS

Aid stations will be located throughout the course. The general offerings are as follows:

- Nutrition: Naak Drink Mix and Naak Gels; assorted fruits; soda; assorted sweets & salty snacks; peanut butter & jelly sandwiches; and other assorted food
- Runner Care: Basic first aid/blister care; bug spray; sunscreen; lubrication for chaffing; feminine products

Do not wear the bib on the back of your person or running vest.

Do not wear the bib under or close to the bottom of your running vest so it is legible & the timing chip isn't damaged by the vest.

Do not rotate the bib as it will potentially render the timing chip unreadable.

Do not place the bib on an article of clothing that will be quickly removed.

COURSE MARKINGS

COURSE FLAGGING & RIBBONS

ALL DISTANCES

All distances will be marked with blue ribbons.

COURSE SIGNAGE

	Critical Turn Ahead: This indicates a turn or intersection is coming up. Pay close attention to course markings.
	Wrong Way: This indicates a section that is not on the race course. Do not pass these signs. Look for the appropriate course markings or signage to stay on course.
	Directional Arrows: These indicate the direction of travel on course. Follow the direction of the arrow. A left or right arrow sign may also indicate a turn is coming up.

AID STATION SIGNAGE

Each race distance will be listed at the top to which the below information applies. The heading color will also match the course ribbon color for each distance.

COURSE MARKINGS

ALONG THE TRAIL

All course ribbons will be placed within eyesight of the next one. Look for course ribbons to be placed on the following:

- Trees
- Bushes
- Tied to rocks on the trail
- Forest service trail signage
- Course signage

URNS & INTERSECTIONS

Leading up to a turn, additional markings will be applied to the side of the trail in the direction of the approaching turn. Immediately after the turn is made, additional course markings will be applied to both sides of the trail to serve as "confidence" markers to ensure you made the correct turn and are on course. Directional arrow signage will be placed leading up to and at turns, in the direction of the upcoming turn. Prior to key intersections, a "Critical Turn Ahead" course sign will be added to alert runners leading up to a turn.

WRONG WAY

"Wrong Way" signage will be placed at intersections on trails that are not on the course. Additional "Wrong Way" signage will be placed further down a trail that is not on the course in case the first sign is missed. If you do not see a course marking ribbon or flag within your field of vision, you are most likely off course. Re-trace your steps until you find the correct course marking for your race.

COURSE MARSHALS & ROAD CROSSINGS

Runners must follow and obey all Course Marshals at the locations they are stationed. Where there are road crossings, runners must give the right of way to vehicles and only cross when the Course Marshal allows them to do so.
