

REGISTRATION CONDITIONS 2026

**MEET YOUR
EXTRAORDINARY**

REGISTRATION CONDITIONS MALLORCA BY UTMB®

EDITION 2026 V0 - FROM 30 OCTOBER TO 1 NOVEMBER 2026

This contractual document outlines the legal and financial conditions related to the registration process and participation of runners in the races of the sporting event Mallorca by UTMB®.

Mallorca by UTMB® is an event organized by UTMB® Iberia S.L.U. UTMB® Iberia S.L.U. is the company responsible for selling race bibs (right to participate) and additional services. The mere act of acquiring the right to participate implies knowledge of these legal conditions and their explicit and unconditional acceptance. At the time of registration, through our registration platform, the participants confirm their awareness of these conditions through an electronic verification.

1) REGISTRATION CONDITIONS

Registrations will go on sale on the website mallorca.utmb.world on **January 14 at 11:00 a.m.** (CET, Barcelona and Paris local time) by direct purchase, without pre-registration and lottery.

Due to the environmental limitations of the Serra de Tramuntana, the number of runners for each distance is very restricted.

For the first 48 hours registrations will only be open to runners WITH a valid UTMB® Index. From 16 January at 11:00 (CET time, Barcelona and Paris local time) registrations will be open to runners WITH or WITHOUT a valid UTMB® Index for the CDA race.

Registrations will be open **until 20 October 2026 at 23:50 CET (Barcelona and Paris local time)**, or until bibs are sold out. In case bibs are sold out before October 20th, the organisation has the right to create a waiting list to cover possible cancellations. Registrations will be made exclusively through the organisation's website and payment will be made by credit card.

Registrations are open to any person, man or woman, born in the following years:

- **SDT, CPS and ETM** (minimum age 20 years): year of birth 2006 or earlier.
- **CDA** (minimum age 18 years): year of birth 2008 or earlier.

To register for the SDT race (Serra de Tramuntana) runners must demonstrate their experience in long distance races. **They must have a valid UTMB® performance Index in the 100K or 100M categories.**

To register for the CPS race (Camins de Pedra en Sec) runners must demonstrate their experience in long distance races. **They must have a valid UTMB® performance Index in the 50k, 100K or 100M categories.**

To register for the ETM race (Els Tres Mils) runners must demonstrate their experience in races. **They must have a valid UTMB® performance Index in the 20k, 50k, 100K or 100M categories.**

CDA runners do not need to have a UTMB® Index.

More information at: <https://utmb.world/utmb-index>.

It is important to be aware of the demanding terrain and the fact that these are semi-self-sufficient races. Mallorca by UTMB® is not an event for beginners in trail running. For this reason, **the organisation recommends having a UTMB® Index, that is to say, a level of performance of at least 400 in the category of race (100M, 100k and 50k) which you are going to do, as this is the value with which the cut-off times are set.** With a UTMB® Index below this value, it is very probable that the runner will not be able to pass the cut-off barriers as he/she will not be able to comply with the established times, so it is advisable not to register for either the SDT or the CPS with a UTMB® Index below 400. **The organisation is very demanding in complying with the maximum time barriers.**

2) REGISTRATION FEES

Registration fees are variable and are limited to a specific number of bibs. Therefore, prices change according to the number of participants, without prior notice. **The number of bibs is very limited due to the environmental restrictions of the Serra de Tramuntana, and with the shared goal of respecting the natural environment.**

Price range for each of the races. These prices include 21% VAT:

Race	First Price	T1	T2	T3
SDT 100M	234 €	261 €	275 €	289 €
CPS 100K	170 €	190 €	200 €	210 €
ETM 50K	132 €	147 €	155 €	163 €
CDA 20K	60 €	67 €	70 €	74 €

The prices include all taxes and fees applicable at all times, in accordance with current legislation. An 8% bank and administrative registration fee will be added to this price. This amount is non-refundable in case of cancellation, even if it is with contracted insurance.

In case of needing an invoice for the registration, this must be requested by email to mallorca@service.utmb.world.

3) WHAT IS INCLUDED

- **Right to participate in the race.**
- Nominative bib number. Bracelet.
- Participation gift.
- Life bag(s) for use during the race. In the races SDT, CPS, ETM, and CDA.
- Chips (2) for time control.
- Livetrail monitoring platform, to monitor the runner by companions.
- Livetrail APP for race management by the runner, and SOS system.
- Access to the aid stations with food and drinks.
- Way-marking, and personnel control in the mountains.
- Medical assistance during the race with the organisation's own security, rescue and aid device.
- Management and transport of spare bags (SDT y CPS), and starter bag (ETM y CDA).
- Finisher's medal.
- Diploma for finishers.
- Final race services and final aid station depending on the races.
- Civil Liability Insurance for the participants.
- Obtaining *Running Stones* for the UTMB® Mont-Blanc draw, being a finisher.

4) CANCELLATION OF A REGISTRATION – REFUNDING POLICY

A) Cancellation insurance

Runners who wish to do so can take out cancellation insurance with an external company offered by the organisation.

The object of the cancellation insurance contracted is to allow the reimbursement of the integral costs inherent in the registration of Mallorca by UTMB® 2025 in the event of a participant requesting to cancel their registration.

- **In case of justified cause according to the conditions of the insurance company, you will get a 100% refund of the race bib cost.**
- **For causes included in the policy but not duly justified, 50% of the race bib cost will be refunded, according to the company's terms and conditions.**

The conditions of this insurance are those set out in this document: [INSURANCE CONDITIONS](#). UTMB Iberia is not responsible for the management of cancellations and their processes, as this falls under the responsibility of the insurance company. Upon subscription, you will receive the terms and conditions by email directly from the company.

Runners who wish to subscribe to the cancellation policy will be asked to pay an additional 10% of the registration fee. **Cancellation insurance must be booked exclusively at the time of registration.**

The request for cancellation via the insurance must be applied for before 18 October 2026. After this date it is not possible to use the insurance.

This insurance policy does not cover total cancellations of the event made by the organisers by governmental order or for security reasons.

The cancellation of a registration, or failure to participate in the race for which the runner is registered, does not grant any priority for registration in future editions.

No reimbursement will be made to runners who wish to cancel their participation in the race and have not contracted at the time of their registration.

B) Exceptional conditions in case of event cancellation

If the event or a race is cancelled, or if the event must be organised differently (for example, one or more races must be cancelled), for any reason not attributable to the control of UTMB® Iberia, more than **30 days before the start**, runners may be partially reimbursed for entry fees. In such a case, the amount of the refund would be decided in a way that allows the organisation to meet the expenses incurred from the date of cancellation.

If the event is cancelled or modified **less than 30 days before its start, or once the event has already begun**, UTMB® Iberia will not refund the registration fee or any additional purchases. UTMB® Iberia reserves the right to offer participants special conditions for the next edition or for another event. This will be entirely at the discretion of UTMB® Iberia.

In cases of force majeure, adverse weather conditions, or any other circumstances that may affect participant safety, or by order of public authorities or security forces, the organisation reserves the right to:

- Modify the course routes, even shortening their distance.
- Modify the starting time, even in hours.
- Modify the time barriers, even reducing them.
- Change the race date.
- Cancel the race (partially or totally).
- Neutralise the race.
- Stop the ongoing race and declare it definitively finished.
- Implement exceptional health measures, including wave departures.

These changes may be announced just days before the event, and participants will not be entitled to any compensation as a result.

5) TRANSFER OF REGISTRATION

a) Transfer to another runner

For safety and control reasons, **registrations are nominal and non-transferable**. It is not permitted to transfer a registration to another race or to another person, regardless of the reason. Therefore, if unable to attend, the runner must withdraw through the channels provided.

b) Transfer to another race of the same event

It is possible to change from one race to another race of shorter distance up to 1 month before (1st October) the race if places are available. The difference in registration fees will not be refunded.

It is also possible to request a change of registration to a race of a longer distance **if places are available**. This change will not be made automatically, and it will be up to the race organisers to decide whether to accept it or not. In this case, the runner will have to pay the difference in price. The final price will be the price in force at the time of acceptance of the change by the organisation.

6) ACCIDENT, RESCUE AND LIABILITY INSURANCE

All participants must be in possession of an individual accident insurance policy that covers the costs of rescue and evacuation in the mountains, in the Spanish territory and on the islands, up to at least 1,500 metres above sea level, as well as the probable costs of hospitalisation and first medical treatment. The insurance must cover the practice of trail running and participation in long distance mountain races. The insurance can be taken out by any organisation, federation, or insurance company, at the participant's choice, as long as it fulfils THE REQUIREMENTS INDICATED ABOVE. Check with your insurance company or federation that your insurance meets the requirements. IT IS THE RESPONSIBILITY OF THE RUNNER TO HAVE THE APPROPRIATE INSURANCE. THE ORGANISATION WILL ONLY VERIFY THAT THE RUNNER HAS INSURANCE AND THAT IT IS VALID. IN THE CASE OF NOT COMPLYING WITH THE SPECIFICATIONS, IT WILL BE THE RUNNER HIMSELF/HERSELF WHO WILL HAVE TO PAY THE MEDICAL AND RESCUE COSTS.

However, the organisation offers runners who do not have insurance that meets the requirements, or who wish to extend their cover, the possibility of taking out insurance at the time of registration. This insurance, offered by the organisation exclusively covers injuries and damages occurring during the race, including rescue, first aid, and initial medical attention. It does not cover post-race treatment, recovery, or medical repatriation. It is highly recommended for all participants.

In the absence of appropriate insurance, medical evacuations by helicopter, initial treatment, and hospitalisation may be at the runner's own expense. The choice of evacuation method depends exclusively on the organisation, which will systematically prioritise the safety of the participants. The choice of the method of evacuation and the actual choice of hospital depends solely on the decision of the official rescuers and doctors. Expenses arising from the use of exceptional methods of rescue or evacuation have to be paid by the person rescued who will also have to pay their return from the place to where they were evacuated. It is the sole responsibility of the runner to submit a dossier or file to his personal insurer within the appropriate time limit after evacuation and medical treatment.

The organisation will take out Civil Liability insurance in the name of each runner (already included in the registration fee), in accordance with the regulations of the competent authority in each case.

7) ELITE RUNNERS

In order to provide fair recognition to top athletes and to ensure a fair handling of entry applications, we reserve places for elite athletes according to their Performance Index.

Due to the limited number of bibs available, the general UTMB® World Series elite entry rules outlined in group B apply for this event. You can find more information in the [Elites system](#).

Elite runners must register before **September 15, 2026**. The organization reserves the right to accept additional runners after this date. **If a race is sold out, the organisation reserves the right to accept or reject the registration of an elite athlete.**

To ensure fairness for elite athletes and effectively manage entry requests, access for elite runners is determined by their UTMB® Index in their chosen race category.

Runners who wish to benefit from a free and direct bib (as long as there are bibs available) must hold, at the time of registration, a valid UTMB® Index in the corresponding race category:

Women			
Race Categories	50K	100K	100M
Minimum Index	730	715	680

Men			
Race Categories	50K	100K	100M
Minimum Index	870	850	825

Elite bibs for the 20k category should be requested at elits.mallorca@utmb.world

If the elite athletes meet these requirements, they can register directly on the platform, as the system will recognise their UTMB® Index and will not ask them to pay for the race-bib. They can also send an email to elits.mallorca@utmb.world

Duties:

In return, the elite runners agree to:

- Be present at any press conferences and official ceremonies to which they are invited.
- Be present at prize-giving ceremonies if it concerns them.
- It is compulsory to accept to carry a GPS tracker, supplied by the organisation at the start of the race, throughout the totality of the race, which will be returned at the end of the race.
- Be present at the starting line no later than 20 minutes before the start of the race.
- Publish at least a post in their social media indicating their participation, tagging @mallorcabyutmb.

8) PREGNANCY AND PARTICIPATION IN UTMB® WORLD SERIES RACES

UTMB® strives to facilitate and encourage the participation of women in trail running races and has therefore implemented a new policy concerning pregnancy which applies to all the events of the UTMB® World Series circuit.

FOR WHOM?

- Pregnant athletes.
- Athletes with a pregnant partner.
- Athletes who adopt or procreate through surrogacy.

You can find all the information at: <https://utmb.world/inclusion>.

9) ADAPTED SPORT POLICY FOR UTMB® WORLD SERIES ATHLETES

The UTMB® Group strives to facilitate and encourage the participation of athletes with a disability in trail running, and has therefore implemented a new adapted sport policy which applies to all the events of the UTMB® World Series circuit. Download it here: [ADAPTACTIVE ATHLETES POLICY](#)

WHO IS ELIGIBLE FOR THE POLICY?

This policy shall apply to athletes registered in the Athletes with Disabilities Division. Athletes with the following disabilities may enter the division:

- Visual Disability
- Intellectual Disability
- Physical or Neurological Movement Disability

RUNNER-GUIDE POLICY :

All adaptive athletes are allocated an extra bib number, free of charge, for a guide runner to accompany him/her on all or parts of their race.

PROCESS FOR ADAPTIVE ATHLETES :

1. Complete the [Adaptive Athlete Open Application](#).
2. You will be contacted once your adaptive athlete status has been approved.
3. When you register to a new event, please directly contact the race organisation with the confirmation of your adaptive athlete open approval.
4. If you require a runner-guide, please contact the race organisation directly with the following information: the name and contact details of your chosen runner-guide. Please contact the organisation as soon as you have registered.

Sóller, December 2026
