READY FOR YOUR NEXT STEP TO HEAVEN?

WELCOME TO AUSTRIA

The KAT100 is more than just a race – it is an adventure through the alpine landscapes of Tyrol that challenge both body and mind. With demanding trails, steep climbs, and technical terrain, you will experience the full diversity of trail running in the Kitzbühel Alps.

Along the way, you will encounter the small details that make running in Austria unique – grazing cows on alpine meadows, the sound of cowbells in the distance, and a friendly “Servus” from locals and volunteers that keeps you moving forward.

This guide is designed to help you prepare for your race. It provides all essential information about the course, aid stations, mandatory equipment, and safety, so you can fully focus on your experience.

Whether this is your first start or you are an experienced ultra-trail runner, proper preparation is key. Mountain conditions can change rapidly, so it is important to be well prepared and to assess your limits realistically.

We wish you a safe race, strong legs on every climb, and unforgettable moments along the way. See you at the finish line!

Go longer, go farther.

MEET YOUR EXTRAORDINARY

Uniting trail runners, both elite and amateur alike, through the leading international events in the most stunning locations.

The UTMB® World Series gives all trail runners the chance to experience UTMB® adventure across the world, discovering cultures and sharing trails as they start their quest towards the UTMB® World Series Finals at the pinnacle HOKA UTMB® Mont-Blanc.

FINALS

The mythic **HOKA UTMB Mont-Blanc** is the world's most well-known and revered trail running event on the planet.

In the heart of the Alps, the prestigious **UTMB World Series Finals** are held in 3 categories: the **OCC (50K)**, **CCC® (100K)** and **UTMB® (100M)** every year at the end of August in Chamonix, France.

MAJORS

Four **UTMB World Series Majors**, are held each year across the Americas, Europe, Asia-Pacific and Oceania regions.

Collect double the amount of Running Stones compared to other UTMB World Series Events for the UTMB World Series Finals lottery. In total, 210 runners are also granted automatic qualification for the UTMB World Series Finals through each Major. This includes age-group category winners and the top 10 male and female runners in the 100M, 100K and 50K categories.

EVENTS

Get the **UTMB experience closer to home**. Built on a passion for the mountains, with sustainability at its heart, UTMB World Series Events, gives all trail runners the chance to experience the UTMB adventure while showcasing the unique aspects that each race destination offers at over 60 Events around the world.

BEGIN YOUR QUEST TO HOKA UTMB MONT-BLANC AND THE UTMB WORLD SERIES FINALS.

RUNNING STONES: BOOST YOUR CHANCES FOR THE UTMB WORLD SERIES FINALS

Earn Running Stones by completing races in the 20K, 50K, 100K, or 100M categories at any UTMB World Series Event or Major.

- ✓ Running Stones are cumulative and never expire, so you can collect as many as you like over time.
- ✓ You'll need just 1 Running Stone from the past two years to qualify for the Finals lottery.
- ✓ Each Running Stone gives you an extra chance to be selected in the lottery.

Start your journey, gather your Running Stones, and unlock the path to the UTMB World Series Finals!

UTMB® INDEX

YOUR TRAIL RUNNING PASSPORT

The **UTMB Index** measures a runner's performance across four race categories: **20K, 50K, 100K, and 100M**, as well as an overall score.

IT'S ESSENTIAL FOR:

- ✓ **Entering the UTMB World Series Finals lottery** (with at least 1 Running Stone).
- ✓ **Defining your start wave** to ensure the best race experience.
- ✓ **Exclusive Race Access:** You benefit from a 48-hour priority registration to UTMB World Series Events. And for some **100K and 100M events** require a valid UTMB Index for safety or lottery pre-registration.

HOW IT WORKS:

- ✓ Your UTMB Index is based on your **top 5 race results** (weighted for recency and performance) over the last **36 months**. At least **1 valid race result** in the past **24 months** is required for a valid UTMB Index.
- ✓ With over **6,000 races worldwide** they are plenty of opportunities to boost your UTMB Index.

Ready to level up your trail running?
Validate or improve your UTMB Index today!

CHECK IT OUT AT [UTMB.WORLD](https://utmb.world)

CREATE YOUR **MY UTMB** ACCOUNT

- ✓ Track your performance
- ✓ Compare your stats
- ✓ Manage your registrations

AND WITH **MY UTMB+** YOUR COMMITMENT IS REWARDED:

- ✓ Enjoy and get involved
- ✓ Level up your status
- ✓ Unlock exclusive rewards

Manage everything in one place:

- Track your Running Stones and UTMB® Index.
- View your race results and performance stats.
- Check upcoming race registrations.
- Share your achievements with friends.

RACE BRIEFINGS

The safety of all athletes is our highest priority. For this reason, participation in the official race briefing is mandatory for all competitors. The briefing format depends on the race distance:

100 Miles:

- Mandatory in person race briefing
- Location: Fieberbrunn center at bib distribution
- Date & time: Thursday, 06 August at 4:30 PM

All other distances:

- A mandatory video briefing will be sent to athletes a few days before the race and must be watched in advance.
- In addition, all athletes must arrive at the start line on time:
 - The start area opens 30 minutes before the respective race start.
 - The **mandatory pre-race briefing** at the start line begins 10 minutes before the race start.

CHECK OF MANDATORY EQUIPMENT

Mandatory equipment will be checked **during bib distribution**. Please make sure to bring all required mandatory equipment with you when collecting your race bib. After the equipment check, you will receive a wristband. This wristband is mandatory for access to the start area.

START/ARRIVAL ZONE

The start and finish area for all races is located in the center of Fieberbrunn, which serves as the main event hub throughout the race weekend. This is where runners will find the finish line, event services, and the central meeting point for participants and spectators.

SANITARY FACILITIES

Sanitary facilities are available at the main event area in the center of Fieberbrunn, with toilets located directly in the start and finish zone for all runners and spectators.

Shower facilities are available at the Sportplatz Fieberbrunn (approx. 1km), which can be used at the following times:

7.8. 3PM - 8.8. 10PM

LEGEND

Exception:

The Endurance Trail starts at the sports ground in Kitzbühel (Sportplatz Kitzbühel). However, the finish line for this race is also located in the center of Fieberbrunn.

OFFICIAL PARKING AREAS FOR THE KAT100 BY UTMB 2026

If you arrive by car for the KAT100 by UTMB, we can offer you three official parking areas:

1. PARKING AREA PAVILLONWEG

Spielbergstraße 5, 6391 Fieberbrunn (500m)

2. PARKING AREA AUBAD

Schulweg 1, 6391 Fieberbrunn (850m)

3. PARKING AREA BERGBAHNEN

Lindau 17, 6391 Fieberbrunn (1.5km)

SHUTTLE FROM FIEBERBRUNN TO KITZBÜHEL FOR ENDURANCE TRAIL PARTICIPANTS

The shuttle for Endurance Trail participants will depart from Fieberbrunn (Aubad) to Kitzbühel on Friday, 8th August 2026, at 10.30 pm. The transfer is included in the entry fee for all Endurance Trail starters and the bib is considered a ticket. Accompanying persons cannot travel with the participant shuttle to Kitzbühel.

HOW TO GET TO THE ENDURANCE TRAIL START AS AN ACCOMPANYING PERSON

The start area in Kitzbühel can be reached from Fieberbrunn in approx. 15 minutes by train (train runs approx. every 30 minutes from Fieberbrunn to Kitzbühel and back to Fieberbrunn until approx. 01:00 am). Public transportation to Kitzbühel and back as well as within the region is free for people with the so-called guest card. Guests staying overnight in the Pillerseetal (Fieberbrunn, Hochfilzen, St. Jakob in Haus, St. Ulrich am Pillersee and Waidring) receive this guest card free of charge at their respective accommodation.

INTERACTIVE MAP BY GOOGLE MY MAPS

The interactive map on Google My Maps includes all key locations such as start and finish areas, aid stations, parking, showers, and toilets. It's a practical tool for both athletes and spectators to easily find the most important spots along the race route.

You can find the map here:

<https://kat.utmb.world/de/runners/race-guide>

HOW TO GET TO KAT100?

TRAVELLING BY CAR

Coming from GERMANY: Coming from Munich via the A12 to Kufstein Süd (toll-free) and via B173 and B178 to the Pillerseetal.

Coming from WEST AUSTRIA/ITALY: Coming from Innsbruck via the A12 to the exit Wörgl Ost and via the B178 continuing to the Pillerseetal

Coming from EAST AUSTRIA: Coming from Salzburg via the A1 or A10 to the exit Salzburg West or exit Bad Reichenhall (A8) and via the D21 and B178 to the Pillerseetal.

TRAVELLING BY TRAIN

The Pillerseetal region is well-connected by rail, making your journey to the KAT100 by UTMB both convenient and environmentally friendly. The area has three local train stations: one in Hochfilzen and two in Fieberbrunn (closest train station is 2 km away from the event area). In addition, larger train stations in St. Johann and Kitzbühel provide further connection options.

Free local transport

Once on site, guests can use local public transport free of charge with their guest card (the guest card can be obtained at the accommodation).

Discounted train travel for participants

All participants and accompanying persons can book discounted train tickets to and from the KAT100 by UTMB 2026 through the ÖBB Congress Account:

- Up to 22% off standard domestic fares
- 10% off international standard fares
- Special prices on ÖBB Nightjet tickets

Valid for travel between 1 and 12 August 2026. For more information visit: kat.utmb.world/destination/how-to-get-there

TRAVELLING BY PLANE

No fewer than three international airports are located within easy reach of the Pillerseetal, making travel to the KAT100 by UTMB simple and flexible.

- Salzburg Airport (63 km) – The closest airport, with a travel time of approximately 1 hour 15 minutes to Fieberbrunn.
- Innsbruck Airport – Reachable in about 1.5 hours by car or shuttle.
- Munich Airport – A major international hub, around 2 hours away from the region.

CAMPING

Please note: Wild camping is strictly forbidden in the Pillerseetal!

For those wishing to camp, we recommend the official campgrounds in the Pillerseetal: [Camping Pillerseetal](#).

SAFETY INFORMATION

Your safety is our top priority. If you decide to withdraw from the race, please note that you are responsible for organizing your own return to the start/finish area or your accommodation. However, your guest card may entitle you to free public transportation, depending on the region in which your accommodation is located.

In the event of a race cancellation, every participant is required to inform the organiser via SMS at +43 664 3431947. In case of an emergency, you must activate the Tyrolean emergency app ("Notfall Tirol") on your phone. If your mobile device does not support the app, call the mountain rescue service at 140. The app can be downloaded at: <https://www.leitstelle-tirol.at/dienstleistungen/zusatzdienstleistungen/>.

The event organiser and the safety team are responsible for the overall safe operation of the event. All participants are required to follow instructions from the organising team, mountain guides, medical personnel, first aiders, course marshals, and those stationed at livepoints or aid stations. If the medical team determines that a participant is no longer in a fit condition to continue, the organiser reserves the right to withdraw that person from the race.

QUALIFICATION KAT100 MILES & ENDURANCE TRAIL

Runners safety is our top priority and the KAT100 Miles (100M) and the Endurance Trail (100K) are race distances that involve

significant elevation gain, technical terrain, and night running. To ensure the safety of all participants, runners must demonstrate sufficient endurance and mountain experience.

For the KAT100 MILES (100M), participants must have a valid UTMB Index in the 100K or 100M category. For the Endurance Trail (100K), a valid UTMB Index in the 50K, 100K, or 100M category is required.

You can check your UTMB index online.

To train for the races, we recommend completing 6 to 10 long runs over a 12-week period. These training sessions should be done with your backpack and all mandatory equipment to help you get used to the weight, hydration system, and nutritional intake required during the event.

ORGANISATIONAL INFORMATION

Medical and organisation office: Medical support and the event organisation office will be located at the start and finish area.

Placings and awards:

Trophies will be awarded to the top five men and top five women in the overall rankings. Additionally, the first-place male and female in each age category will receive a trophy.

Environmental responsibility

All food packaging (gels, bars, ...), including items in drop bags, must be clearly marked with your bib number. This may be checked during the race. This system is essential for environmental protection. The course passes through sensitive natural areas and private property, and littering is strictly prohibited. Any trash found on the course that can be linked to a participant will result in disqualification from the race.

Adequate waste disposal facilities will be provided at hydration and aid stations, including bins at water canisters and catering points.

Penalties:

Participants will be disqualified without exception for any of the following: failing to carry the complete mandatory equipment, taking shortcuts on the course, polluting or damaging the environment, acting unfairly or disrespectfully toward other participants, ignoring instructions from race staff (including volunteers, medical personnel, and marshals), or accepting outside assistance or refreshments from individuals not affiliated with the event. Details on time penalties and disqualification procedures can be found in the race regulations on the event website.

Support and supervision

Support from family members, friends, or personal crews is only allowed at the designated lifepoints located in Waidring, Kitzbühel, and Oberaurach.

DROP BAGS

Each participant is allowed one personal drop bag per lifepoint (3 for 100M runners, 1 for 100K runners), which will be provided at the bib distribution. These bags must be returned to the bib distribution in time. The race management will then transport the bags to the respective lifepoints.

After the race, drop bags can be collected on 08 August 2026 between 1:00 PM and 8:00 PM, again at the bib distribution area.

Please note: Compulsory equipment checks may be conducted at random, both in the start area and along the trail.

ROUTE MARKING IN ACCORDANCE WITH KAT100 SAFETY GUIDELINES

The course will be marked by an experienced marking team using chalk spray, signs, ribbons, flags, and reflective spray at night. However, the route is not continuously marked in a way that would make personal navigation skills in alpine terrain unnecessary.

Especially after nightfall or in cases of heavy rain, snowfall, or other extreme weather conditions, markings may become obscured, washed away, or difficult to spot. For this reason, all participants are required to carry a map of the course with them.

To support your navigation, the organizer offers the official GPS track for download. **If you're running the 100 Miles, Endurance Trail, or Marathon Trail, make sure your GPS device is ready — it's mandatory!**

Unfortunately, it can occasionally happen that markings are removed by third parties. After the official time limit has expired, the sweep runners will gradually remove the course markings. From that point on, the route is no longer marked.

RESCUE COSTS

IMPORTANT: Any costs incurred for rescue operations are not covered by the event organizer, landowners, or other parties. These costs must be borne by the individual concerned. We strongly recommend that all participants take out insurance that includes coverage for mountain rescue. All participants are required to sign a liability waiver when collecting their race bib.

CONDUCT & SAFETY REGULATIONS

Trail running events take place outdoors and lead through natural areas, including nature reserves, using existing trails, footpaths, forestry tracks, gravel roads, and both public and private roads. Participants must comply with traffic regulations at all times. In sections with two-way traffic, runners are required to keep to the left-hand side. Public roads and private property must be crossed in a respectful and orderly manner. Any form of unfair behavior towards fellow participants, refusal to assist injured runners, or pollution of the environment will result in immediate disqualification by race management.

MANDATORY EQUIPMENT CHECKS

Mandatory equipment will be checked at bib distribution. If mandatory equipment is missing during the pre-race check, participants may present the missing items before the start at the designated start area. Failure to do so will result in exclusion from the race. Should any required equipment be missing during a check on the course, the participant will be removed from the race by race management.

PERSONAL ASSISTANCE

Personal assistance is only permitted at specific aid stations (Waidring, Kitzbühel and Oberaurach), within designated areas, and at the discretion of the station manager. These approved stations are marked on the competition overview map.

Assistance may only be provided by one person who is not carrying any equipment other than a single bag with a maximum capacity of 30 litres. Support by professional teams or medical personnel is strictly prohibited. The rest of the aid station area is reserved exclusively for runners.

It is not permitted to take packaged or sealed food items—such as bananas with peel or canned drinks—from the aid stations.

DISCLAIMER

The event organizers accept no liability whatsoever for any personal or material damage. This also applies to loss or damage of clothing and other personal belongings. By collecting their race bib, each participant confirms that there are no medical reasons preventing them from taking part in the event.

All participants acknowledge that the organizers are not liable for any form of damage or injury and waive all claims for compensation against the organizers, sponsors, local authorities, landowners, and their representatives. Each participant declares that they have trained adequately, are in good physical condition, and have had their health confirmed by medical professionals. The race doctor, emergency services, and race organizers are authorized to withdraw any runner from the event if they are deemed physically or mentally unfit to continue.

By registering for the event, participants consent to the use of data related to their participation in the KAT100, including photos, video recordings, and interviews for radio, television, advertising, publications, and any other media, without requiring further permission. Participants are responsible for ensuring that their year of birth is correctly stated and that their race bib is not passed on to another person. In the event of a no-show, refunds are not possible. (Please note: participant data will be stored electronically in accordance with data protection regulations.)

All participants agree to comply with the anti-doping regulations of the Austrian Trail Running Association (ASTA), regardless of whether they are affiliated with a club or association. The KAT100

is organized in accordance with the ASTA guidelines, which are available on the official website at www.trailrunning-verband.at. Participants are required to comply with these rules.

Athletes are obligated to follow the anti-doping regulations as defined by the Austrian Anti-Doping Federal Act of 2007, as well as the regulations of any relevant national or international sports governing bodies, including statutes, sports rules, and competition guidelines. This applies to any individual who is, or was at the time of a potential anti-doping violation, a member or license holder of a sporting organization, who competes in events organized by such organizations, or who benefits from federal sports funding.

If a participant is required to take a prohibited substance or undergo a banned method for medical reasons, we strongly recommend keeping all related medical documentation in case retrospective evidence is needed. More information can be found at: www.nada.at/medizin/krankheit-oder-verletzung

**WE WISH ALL
PARTICIPANTS
A SAFE, FAIR,
AND SUCCESSFUL
RACE!**

MANDATORY EQUIPMENT

In order to ensure their safety, each participant must carry all items listed in the mandatory equipment checklist and keep them with them throughout the entire race, even if they are not being used. The “Cold Weather” and “Hot Temperatures” equipment may be required depending on the weather conditions. The race organizer will inform participants before the race if these additional items are mandatory. **Mandatory equipment will be checked at bib distrubition!**

BASIC KIT						
		100 Miles	Endruance Trail	Marathon Trail	Speed Trail	Easy Trail
	GPS Device				 RECOMMENDED	 RECOMMENDED
	GPX Track at the mandytory GPS Device				 RECOMMENDED	 RECOMMENDED
	ID – passport/ID card					
	Sturdy, closed trail running shoes. Barefoot shoes and shoes without a deep tread are prohibited! Applicants will not be allowed to start without the correct footwear.					
	Smartphone with - emergency number 140 saved or the SOS-EU-Alp app installed, and - LiveTrail application installed and activated with international roaming allowing. The runner must be reachable at any time before, during and after the race: Keep the phone on, airplane mode is forbidden and could give rise to penalties. An external battery is highly recommended.					
	Self-adhering elastic bandage for bandaging or strapping (minimum 100 cm x 6 cm)					
	Survival blanket of 1.40m x 2m minimum					
	Whistle					
	Personal beaker 15 cl minimum (note : no cup will be offered in the aid stations)					
	Sealed, resealable container(s) capable of carrying water, designed for hydration (plastic bags are prohibited).	 1L (Recommended : 1,5L)	 1L (Recommended : 1,5L)	 1L (Recommended : 1,5L)	 0,5L	 0,5L
	Running pack (or other carrying equipment suitable for attaching a timing chip) intended to carry the mandatory equipment and which must be worn throughout the race.					
	Jacket with hood for bad weather in the mountains. The jacket must be made with a waterproof* and breathable** membrane. *minimum recommended waterproof rating 20 000 Schmerber **recommended RET: below 13 - The jacket must, imperatively, have an integrated hood or one which is attached to the jacket by the original system designed for that purpose by the manufacturer. - the seams must be sealed. - the jacket must not have sections of fabric which are not waterproof, but air vents fitted by the manufacturer (under-arm, in the back) since they do not damage in any obvious way the impermeability- are accepted. The runner must judge whether, according to the aforementioned criteria, the jacket complies with the regulations and therefore is suitable for bad weather in the mountains. However, during a check, the race director's opinion on the matter shall prevail.

Pillerseetal
Kitzbüheler Alpen

ENVIRONMENT

The Pillerseetal region is committed to a long-term sustainability strategy, which is naturally reflected in the organization of this event. At the KAT100 by UTMB, we take environmental protection seriously and actively implement measures to reduce waste and minimize our ecological footprint.

For instance, we avoid the distribution of large quantities of printed materials in the lead-up to the event. All relevant documents and information are provided to participants in digital form. Additionally, no goodie bags will be handed out. Instead, the organizing team has chosen a more sustainable path by offering participants a high-quality, long-lasting athlete's gift.

A waste separation system will be in place throughout the event – both in the event area and at all refreshment stations. Athletes are required to carry their own reusable cup, as no disposable cups will be provided at any station.

Reusable tableware will be used exclusively in all event areas and at all aid stations.

Our long-term goal is to further expand these efforts and continuously improve the sustainability of the KAT100. We kindly ask all runners and spectators to travel to the region using public transportation whenever possible.

SOLIDARITY

Together for the KAT100 by UTMB®

The organizing team of the KAT100 by UTMB® places great value on strong cooperation with the local community.

Involving regional partners in meaningful ways is a central priority, ensuring that the entire Pillerseetal region benefits from the event.

Where possible, local suppliers are used, even in the production of video content, and international companies are only brought in selectively. The event is intentionally designed to be well integrated into the local culture and to be positively received by the people of the region. To that end, the KAT100 by UTMB® is organized in close collaboration with local associations.

A large number of the volunteers come from regional sports clubs and traditional community organizations as well as organizations and trail runners from all around the world. Every year, these groups show great commitment to supporting the

event - without their help such an event would not be possible. Thank you for your commitment!

The Kids Trail is a key element in the effort of encouraging local children to take part in the race and experience the excitement of the event. Many young athletes from area clubs participate and have the opportunity to run together as part of the KAT100 by UTMB®.

Looking ahead, we remain committed to deepening local engagement and continuing to strengthen ties with regional businesses and communities.

Also in the future it is an important point to involve the regional population in the best possible way and to pay even more attention to the integration of local businesses.

BLACK BAY 58

What is it that drives someone to greatness? To take on the unknown, venture into the unseen, and dare all? This is the spirit that gave birth to TUDOR. This is the spirit embodied by every TUDOR Watch. Including the TUDOR Black Bay 58, a 39mm diameter stainless steel diving watch with a Manufacture Caliber and a vintage feel. Some are born to follow. Others are born to dare.

BORN TO DARE

LESSEAU® NEXT LEVEL HYGIENE

Elevate your hygiene during and after your run.

Lesseau bar soap dispensers are designed with the environment in mind, supporting your eco-conscious lifestyle. Crafted from natural ingredients, our bar soaps keep your skin fresh and revitalized. Free from harsh chemicals and single use plastics.

We add hygiene to your run.

Refresh during your run and wash your hands before eating to protect your health for a safer, more enjoyable experience.

ENDURANCE TRAIL

RACE CATEGORY

100K

THE NIGHT RUNNING EXPERIENCE

You're running the second half of the KAT100 Miles – and it begins in the stillness of night. At midnight, the race continues from Kitzbühel with the steep ascent of the legendary Hahnenkamm. From there, you follow stunning high-altitude trails through the Kitzbühel Alps, crossing scenic grassy peaks under the stars.

As dawn breaks with a mystical sunrise, the route challenges you with more elevation and changing terrain before leading you to the final climb: the Fieberbrunner Höhenweg. After 75 kilometers and 4,100m of elevation gain, the finish line in Fieberbrunn awaits – and with it, the reward of a night you'll never forget.

SHUTTLE SERVICE TO THE START OF THE ENDURANCE TRAIL IN KITZBÜHEL

The bus transfer for Endurance Trail participants will depart on Friday, 7 August 2026 at 10:30 PM from Fieberbrunn (Aubad parking area) to Kitzbühel. This transfer is included in the race entry fee, and your race bib serves as your ticket. Accompanying persons are not allowed to use the participant transfer. We recommend they travel by train to Kitzbühel. Trains run regularly and return to Fieberbrunn until 1:00 AM. The train journey is free with the regional guest card.

SHUTTLE SERVICE IN CASE OF RACE CANCELLATION

If you need to withdraw from the race, a transfer back to Fieberbrunn is available from the following aid stations: Jochberg, Oberaurach, and Lärchfilzhochalm. The maximum waiting time is approximately 1 hour.

MARATHON TRAIL

RACE CATEGORY

50K M

A RACE THAT EXPLORES MANY OF THE MOST BEAUTIFUL PLACES IN THE REGION

The marathon distance features beautiful trails and even more stunning views. The route begins with a challenging climb to the Wildseeloder summit, where you'll be rewarded with a spectacular view over the Wildseelodersee. After descending into the valley, the course gradually climbs again, leading you along scenic, gently rolling trails back toward the lake.

LIVETRAIL

FOLLOW THE RACE ON THE LIVETRAIL APP

The LiveTrail app now includes the LiveRun and LiveInfo apps features to offer runners, crews and spectators a complete experience on a single platform.

FOR SPECTATORS:

- Search for friends and family and follow their live progress throughout the race. Track their speed, latest checkpoint crossing, and estimated arrival time at the next waypoint.
- Stay oriented on the course with access to all race routes, aid stations, time barriers, and waypoint navigation.
- Find all important event information in one place, including maps, schedules, parking, transport, and the event program.
- Create your personal favorites list, follow multiple runners at once, and receive automatic notifications to stay updated on their progress.
- Access useful runner information, including rankings, race status, and performance details.

FOR RUNNERS:

- Set up a virtual ghost runner based on your target finish time or personal race goal and receive live notifications to stay on pace.
- For your safety, quickly report a withdrawal, send an SOS alert, or contact Race Direction directly through the app.
- View the next important checkpoints and your estimated time to reach them.
- Follow friends competing in the same race to see whether they are ahead or behind and by how much time.
- Track participants across different race distances without needing to switch views.
- Use your smartphone as a GPS tracker to send live location updates directly to your runner profile on the live tracking platform.

NIRVANA, WITH YOU ALL THE WAY TO THE FINISH LINE

THEY LOOKED AFTER MY FAMILY AND
FRIENDS WHILE I WAS ON THE MOUNTAIN

HAVING A DEDICATED ATHLETE
MANAGER IN RESORT MEANT
EVERYTHING WAS HANDLED

THEY PLANTED A

INTERACTIVE MAP

INTERACTIVE MAP BY GOOGLE MY MAPS

The interactive map on Google My Maps includes all key locations such as start and finish areas, aid stations, parking, showers, and toilets. It's a practical tool for both athletes and spectators to easily find the most important spots along the race route.

You can find the map here:
