RUNNER TRACKING & RESULTS

WHERE'S MY RUNNER?

LOOKING FOR YOUR RUNNER? SEE BELOW FOR HELPFUL TIPS!

- Not all Aid Stations will have tracking, so don't panic if you don't see a time for your runner.
- Limited cellular and satellite connectivity may cause delays in runner tracking updates, and some aid stations may report times more frequently than others

Q: My runner should have checked in by now. Where are they?

A: No need to worry! There are plenty of reasons they may not show as checked in:

- Tracking is not available at that location.
- Connectivity is limited, and tracking updates may be delayed.
- The course includes a variety of terrain, with some sections being more challenging than others, so it's completely normal for runners to move a bit behind their expected pace at times.

* Anticipate up to a 2-hour delay in your runner tracking for any of these reasons

Q: Who should I contact if I'm having trouble tracking my runner?

A: Our experienced Runner Tracking Team works diligently to ensure all runners are on course, safe, and accounted for. They use the same LiveTrail software as the app, so you'll see the same location updates when your runner checks in.

Your runner's safety is our top priority! Our Runner Tracking Team has proven procedures in place to quickly identify and locate any runner who may go off course, ensuring they are safely accounted for throughout the event.

RUNNER TRACKING

[LIVETRAIL.NET](https://www.livetrail.net) will be available to track runners throughout the event. Please note these are timing splits at certain checkpoints on the course and are NOT live/GPS tracking. Due to the remote nature of these locations there may be possible delays on LiveTrail updating.

TIMING

The race will be timed by LiveTrail using chips located on the bibs. The chips are automatically recorded at the Start Line, various Aid Stations, timing locations and the Finish Line. Please refer to the "How to Wear Your Bib" section in the Runner's Guide for the proper way to wear your bib so the chip is not damaged and is properly recorded.

PLEASE NOTE: All runners in the race must wear their race bib with the tag intact in order to have their times recorded. No bib = no time! Please make sure the race bib is pinned on your front and is visible throughout the race.

TRACK YOUR RUNNER:

To follow your runner's progress on race day, download the LiveTrail Tracker app to your smartphone.

WHERE TO WATCH

SPECTATING ALONG THE COURSE

We want you to get out and support your runner(s), as well as see this beautiful area! While we don't have any crewable aid stations along the course, two of our on-course aid stations are great for spectating:

- Needles Aid Station (10.2 Miles into the race for both the 28K and 58K events) sits just below the top of Needles Gondola. Every runner will have 1 ticket in their runner bag that is dual-purpose, it provides 1 spectator a ride to the top of Needles Gondola, and also admits them entry into the SnowWeisn festival, going on concurrently alongside the race. Discounted tickets for additional spectators will also be available for purchase. Starting around 8am, spectators can use their ticket to ride the gondola to the top of needles (hold onto that ticket for later entry into SnowWeisn). From the top of the gondola, it's a short walk downhill the the Needles Aid Station Area.
- Maples Aid Station (Mile 18.8 on the 58K only) is another great option for spectators. It sits in the NW corner of the parking lot you'll be parking in, and is within walking distance of the start finish line.
- Start and Finish Line: the start/finish line area at the mountain base also provides a great area to welcome your athletes to their finish line.
- Please remember to bring all-weather clothes and watch the forecast, Fall in the mountains can deliver some surprises, and the weather at the top of the mountain is usually a bit chillier than at the Resort Base, where the start/finish is.
- Always follow all aid station personnel directions, and do not block the runner paths while spectating.

THINGS TO DO

ALEX DOCTA - RACE DIRECTOR

- [Daily Rise](#) is committed to great coffee and community. They've got great breakfast burritos, as well!
- For super modern, American fare, check out [Table 25](#), right on historic 25th street.
- Want truly authentic Mexican food? [Mi Puebla](#) is the jam!
- Looking for some movement? With great city to trail access, try taking a hike up Waterfall Canyon from the 29th street trailhead. [CLICK HERE](#) for more information.

TARA WARREN - VOLUNTEER DIRECTOR

- At least once a week we eat at [Sonora Grill](#) in downtown Ogden off of 23rd St. It's modern Mexican with southwest influences keeps us coming back as there's always something new to try.
- [Kaffe Mercantile](#) is a staple not only on 25th St. downtown but its key original location in the east bench neighborhood above Harrison on 26th St. Grab a bite to eat or experience their wide coffee and specialty drinks menu. You'll see when you're inside how this place was built with so much heart.
- Look for [Maverick](#) gas stations in Utah while you're traveling. There's several in the Ogden area and one in Ogden Valley. There's quick grabbing go homemade food, healthy options, all the drinks personal items that you might need and it's quicker than jumping in a grocery store.
- If you're needing a shake out run and staying in the downtown Ogden area or nearby, head over to the [Ogden River Parkway](#) and head east where you'll find miles of jaw dropping panoramic mountain scenery as you cruise along the paved path and the Ogden river.
